Dear community supporter,

Kumukahi Health + Wellness has been serving the island of Hawai'i for over 40 years. We are a 501c3 dedicated to ending health disparities on our island and providing equitable health care access to some of the most vulnerable and most rural residents across the state, especially those living with the HIV and the LGBTQ+ community.

Kumukahi Health + Wellness is made up of 4 core programs to improve health care for our community:

1. HIV Client Services – assisting our clients living with HIV to access free or affordable medical and specialty care, provide equitable access to very expensive medications, assistance in housing and addressing food insecurity.
2. Harm Reduction Services – providing access to sexual health screenings, linkages to medical care, educating our community and youth, and meeting our clients where they are at to provide Harm Reduction materials to keep them and our community safe.
3. Kokua Med-QUEST Program – providing government medical insurance navigation to our Native Hawaiian and Pacific Islander communities, farm workers, immigrants, and the unsheltered community.
4. Aiaola Sexual Health Clinic – providing medical services for people living with HIV or treatment for hepatitis C, LGBTQ+ health

This year we are seeking the support of our Kona Office Expansion. Our new office will provide 2 new clinic and counseling spaces, a wellness room, 4 program offices, a syringe exchange room, a kitchen and food pantry, and also more space for having our clients come in for lunch and wellness activities, such as hula and yoga.

We are asking folks for monetary or in-kind donations to help bring this vision to life. As most donation have gone to the Maui wildfires over the past year (and rightly so), we have had a very difficult time in fundraising activities. Therefore, any help you can provide to make this space loving and welcoming to our West Hawai'i community is most appreciated!

## Help us get out of the Conference Room!

We are bustin' at the seams in our Kona office, so much so, that we have staff working out of our Conference Room!

Our office renovation in Hilo was such a success, we're doing it now in Kona. YOU can help!
